

## St White's Primary School - Computing

Phase: EYFS

Topic: Everyday technology

### E-safety Knowledge

Children will learn what the internet is and how to use it in a safe way.

Children will be taught that an adult needs to be aware of when they are using the internet, what they are looking at online and why this is important.

### Knowledge

Children recognise that a range of technology is used in places such as homes and schools. -Children select and use technology for particular purposes.

Children find out about and use a range of everyday technology. They select appropriate applications that support an identified need – for example in deciding how best to make a record of a special event in their lives, such as a journey on a steam train.

### Why we learn computing

Computer scientists use logical thinking and their creativity to understand and change the world.

### Technical vocabulary

Information technology	A way to keep information safe and get it back again
photograph	A picture of something real that is saved so you can see it again
camera	A device that is used to take photographs
ipad	A device used to learn and play on or take photographs with
computer	A device used to learn and play on.
