

St White's Primary School

Challenge, Commit, Conquer and Celebrate

Friday 29th November 2019

Dear Parent/Carer

The school has the amazing opportunity to host an Adult and Child Science Activity Session here at St White's School, which would be run by Cheltenham Science Group. This is an exciting opportunity for you and your child/children to take part in some fun science. The workshop would take place one day in the spring term after school, from 3pm until 4:40pm and would cost about £4.

Before booking the scientist, the school needs to know how many parents/carers would be interested in coming. I would therefore be really grateful if you could complete and return the slip below to the school office by Friday 6th December if you are interested in taking part.

Thank you

Miss Underwood (Science lead)

.....

Name of child/ren:.....

Class(es).....

I would/would not be interested in taking part in a science activity session after school with my child/children

Please indicate below if there are any weeknights which you are **not** likely to be able to attend.

Monday	Tuesday	Wednesday	Thursday
